

A Word About Completing Sparks Books

Typically, Sparks begin in Kindergarten and complete one handbook per year. We use an Individual Pace Method. There are options for Sparkies who finish their handbook before the year end; these include Reviewing the Handbook and the Extra Credit Frequent Flier Handbook (FFH).

For Sparks who start Awana in First or Second Grade, the order of completing handbooks is condensed a bit. See the following to get a better picture of the path your Sparkie might take.
